SPI have always endeavoured to uphold the highest standards in Health, Safety and Quality. Furthermore, in light of the recent focus on the reduction of environmental impacts of various industries around the world, we take our Environmental responsibilities very seriously. To enhance our already high standards in 2008 we embarked on the process of accreditation of our Health and Safety, Quality and Environmental Systems. The Directors are pleased to announce that on the 3rd March 2009 we achieved ISO 9001, ISO 14001 and OHSAS 18001 accreditation.
